

Other Policies, procedures and protocols.

As a new organisation we have put in place the policies that (after consultation) we deemed to be essential, these are available on this page. We want our policies to be real working documents that underpin our daily practice, and not downloaded generalisations that bear little relevance to what we do.

We have developed a second raft of policies that are available on request. If you would like to know more, please get in touch, we are an organisation that has consistently met school's quality assurance requirements.
